CORE COMPETENCIES

- Root Cause Analysis (RCA)
- Frontend and Backend Development Installation, Maintenance & Upgrades
- Production / Application Support
- Technical Support
- Understanding of Business and Software Requirements

EDUCATION CREDENTIALS

- **Masters in Computer Applications (MCA) 2024**
- Jain University

- **Bachelors in Computer Applications (BCA) 2021**
- M.D.U. Rohtak

PROJECTS UNDERTAKEN

Title: StudyNotion Edtech Full Stack Web App Link || Github
Deliverables:

- Engineered an EdTech platform using **MERN** stack, featuring course commerce and **lecture streaming** functionalities.
- Three dashboard panel Student , instructor and admin panel .
- Enabled course **purchasing** and **selling**, integrating a secure **payment gateway**.
- Seamlessly managed state with **Redux**, and add to cart functionality while React Router facilitated smooth lecture navigation.
- Integrated advanced search functionality, user authentication via **JWT**, and sleek UI design using **Tailwind CSS**.
- Stored backend data on **Cloudinary** and **MongoDB**.
- **login id/Pass** :- gasharma512@gmail.com / asdfasdf

Title: Glamour-Food App Link || Github
Deliverables:

- Designed and developed a Glamour Food application using the MERN (**MongoDB, Express.js, React.js, Node.js**) stack along with **Redux** for state management and **Stripe** for payment integration.
- Leveraged **Tailwind CSS** for responsive design, ensuring optimal user experience across devices.
- Developed a seamless and intuitive platform for users by implementing features to streamline food ordering, and payment processing.
- Demonstrated strong proficiency in both front-end and back-end development, as well as keen eye for detail in user interface

Title: Portfolio Site Link || Github
Description: Personal Portfolio in **Next.js** Frontend project integrates **Tailwind CSS** for sleek design and Framer Motion for dynamic animations.
Deliverables:

- Leveraged Next.js 14 as it offers seamless navigation and fast performance.
- Developed the portfolio showcased skills in a concise, and visually appealing manner, reflecting professionalism and creativity.

PROFESSIONAL COURSE

- MERN Stack Course (beginner to advance) from CODEHELP. **Link**
